Chauffeur has Terrible Accident

On Sunday morning last, about 1:30 a.m., Bob Powell, chauffeur to G. Devenish, whilst proceeding in his auto from the United well, near Foremost, to the Beaver well, a distance of about thirty miles, was the victim of a most distressing accident. Leaving the United, Powell got about five miles on his journey when he discovered his gas tank was leaking. Stopping the machine, he borrowed a lamp from a nearby farmhouse and crawled underneath the auto to locate the trouble. There his clothing became saturated with gasoline dripping from the tank, and coming into contact with the lamp it ignited and immediately he was enveloped in flames. Retaining his presence of mind, however, he hastily emerged, and to the farmhouse, a distance of about 100 ft., and threw himself into a barrel of water which was standing there. By this means he smothered the flames, but it left him in an extremely exhausted condition and terribly injured his arms, face and various parts of the body were in places literally charred, two of his fingers being burnt to the bone. He was rushed to Dr. Duncan's for treatment, where he remained until A. Svensson, who was in the district, and having of the accident, went and conveyed him into Bow Island, from where after a brief rest he was taken by him in his auto to the hospital at Medicine Hat.

It was at first thought that Powell could hardly survive his terrible accident, but the latest news from Medicine Hat is somewhat reassuring in this respect, and at present he is progressing as well as can be expected.

The auto Powell was driving is a complete wreck, everything combustible being totally destroyed.

Patriotic Fund.

Hon. A. McLean Addresses a Meeting in Behalf of the above Fund.

Considering the brief time and the equally brief notice given of it, the meeting held in the T.O.P.F. hall on Wednesday evening last to hear the Hon. A. McLean, M.P.P., explain the object of the Patriotic Fund was fairly large.

Mr. McLean, in a brief address, stated that his presence there that night was with reference to organizing in Bow Island a branch of the Dominion Patriotic Fund, that fund had been created to furnish the Canadians to support the families of those of our men who were now fighting on behalf of the British Empire in France and elsewhere. Many, he said, had at first thought that they considered this was the duty of the government. He explained, however, to them that this was utterly impossible in view of the various drains that was already being made upon the Dominion for other purposes, and therefore each province had resolved to organize itself into districts with a view to supplement the grants made to the soldiers' families by the Dominion Government. Alberta had guaranteed to raise \$250,000, all of which, the speaker said, would be spent right here at home. They had decided to give the Tabor district the task of raising \$100,000. But that, Gray said, was not all. The speaker said that he was already organized, and he had great faith in Bow Island being able to give equally as well. It was not surprising, efforts made in other places. In the absence of the Mayor (H. B. Robertson), Deputy Mayor Svensson requested A. F. Werts to preside, also after Mr. McLean's address, invited remarks from the audience. Several availed themselves of the privilege, and finally it was decided to go ahead and appoint officers, which resulted as follows:

President, B. A. Parker, Vice president, A. F. Dulmage, Secretary, L. F. Fenn, Treasurer, J. M. Milroy.

Finance Committee—Messrs. Cottle, Rev. Bishop, Werts, H. S. Beattie, MacLaren, W. A. Batesman, Miller, Brown, Blaine, Bell, Svensson, and Rev. Cannon.

With a view to enlisting the services of friends in the country, the above committee were given power to add to their number.

The meeting then closed with the singing of the National Anthem.

F. W. BROWN, manager.

Mrs. J. H. Patterson, The Blaine Drug Co. had a stand that attracted the notice of more than a few, and introduced a feature that might well have been copied by others of our business people. The Experimental Farm exhibit, in charge of Mr. Wadell, excited considerable interest, and it was a great pity that more of our farmers could not have found time to witness this feature of Bow Island's show.

The attendance throughout the afternoon was excellent and was variously estimated at from 500 to 600 people.

Among those in attendance during the morning were Hon. A. McLean, M.P.P., and W. A. Batesman, M.P., both of whom were very favorably impressed with the exhibition.

The following is the prize list:

Every Man To His Trade.

NOT very long ago, on one of those days when he
thought he had cleaned up, the work on the farm,
one of our neighbors thought he would catch the hur-
ness. He spent the best part of the day doing work
which could have been done in an hour at the harness
shop, then went out to the pasture to round up the stock
and found that the wife was down and most of the stock
out of sight. It took most of next day to find them,
when he should have been doing work promised to a
neighbor.

RESULT--

Loss of time first day	8 250
Loss of time with teams second day	15 00
Total	817 50
Estimated cost of repairs at harness shop	1 00
Net loss	816 50
